# Principals & Teachers

## Things to do before you join us:

Perhaps talk about curling basics during class. You can go to <http://www.ontcurl.com/resources/for-curlers.aspx> and view touch the rock and/or curling 101 files for a great introduction.

Please have all students bring CLEAN “indoor only shoes” (make sure that all small pieces of gravel and rocks are removed from between the treads).

Warm clothes should be worn (comfortable loose fitting pants, sweater/jacket, gloves).

Prepare to be here 15-20 minutes before your ice time begins to allow everyone to change their shoes and stretch.

Talk about SAFETY.....we will not tolerate pushing, shoving, tripping, (any student not respecting the safety of their fellow students will be asked to sit in the lounge and observe only).

Please treat our club with respect (any student who vandalizes our club will be asked to observe for the remainder of the session and will be asked not to return).

Your instructors are volunteering their time and experience, please respect them and listen carefully to all instructions.

When our class groups follow these steps everyone will...

**HAVE FUN!!!**

Thank you for your interest in curling and we will see you on the ice.
